Safety Psychology and Behavior
for Healthcare
(1SPBH)**

**“Healthcare Safety by
Psychology and Behavior”**

To be held at

The University of Tokyo, Medical Campus

Tokyo, Japan

23rd – 24th March 2024

To be organized by

International Association of Risk Management in Medicine (IARMM)

Overview

“International Association of Risk Management in Medicine (IARMM)”, was founded as an international medical society for health and safety in Switzerland in April, 2002. The headquarter has been moved to Tokyo, Japan since 2005.

The purpose of “Academic Conference of Safety Psychology and Behavior for Healthcare (SPBH)” is to improve and promote psychological and behavioral powers of health worker toward good safety culture in practice of patient safety, medication safety, medical device safety and infectious disease control, and disaster health delivery.

Healthcare safety culture consists of two practical zones: (1) Safety engineering (human factors engineering) and (2) Safety psychology and Safety behavior. The Conference targets on 2nd zone, to upgrade human safety ability.

December 2024
