

IARMM 2nd World Congress of Clinical Safety 2013 in Heidelberg

Date: 12th (Thursday) – 13th (Friday) September 2013

Venue: Heidelberg University, Heidelberg, Germany

Organized by International Association of Risk Management in Medicine (IARMM)
and, Heidelberg University

[www.iarmm](http://www.iarmm.org)

Official language: English

Internet remote live system is also available.

Event Overview

The Congress is organized by IARMM and aims to improve and promote the science and technology of better safety in both risk and crisis management in health care. The congress covers a wide range of topics such as patient safety, medication safety, medical device safety, infectious disease outbreak, and the other related subjects.

German scientific culture of risk has the longest history of over hundred years in the world and has absolutely active movements in risk science and technology which generated the important key concepts, such as philosophy of risk, risk communication, risk management, etc.

We are sure that the Congress will assist the world wide exchange of knowledge and skill in this specialist area with excellent German risk scientists. Let's all join together at our Heidelberg Congress to meet and share information with your colleagues.
