

## IARMM 5th World Congress of Clinical Safety 2016 in US

Date: 21st (Wed) – 23rd<sup>h</sup> (Fri) September 2016

Venue: Joseph B. Martin Conference Center, Harvard Medical School, Boston, MA, USA

Organized by International Association of Risk Management in Medicine (IARMM)

[www.iarmm.org](http://www.iarmm.org)

Official language: English

Internet remote live system is also available.

### “Smart Hospitals and Healthcare: Safety, quality and reliability of care”

#### Event Overview

The Congress is organized by IARMM to improve and promote the science and technology of better safety in both risk and crisis management in health care. The congress covers a wide range of topics such as patient safety, medication safety, medical device safety, infectious disease outbreak, and the other related subjects.

#### **(Topics for your oral and poster presentation)**

International perspectives for clinical safety / Patient and family centred care / Leading effective change  
Improving population and community health / Pursuing quality and safety in mental health care  
Simulation and human factor for clinical safety / Technology and innovation  
Safe and reliable care / The impact of education, training and simulation on patient safety  
Structure and system management - Risk governance and crisis governance in healthcare  
Hospital accreditation and regulation - the challenges and lessons on overcoming them  
Improvement and Implementation Science for Quality and Safety  
Care Across the Continuum, Handovers and transitions of care  
Quality Care in Developing Countries and for Vulnerable Populations  
Improving Healthcare - Lessons from other industries  
Writing for publication - how to publish quality improvement reports and research  
Risk and safety in medical device and alarms / Safety culture in healthcare and group medicine  
Risk governance and crisis governance in healthcare / Patient participation in clinical safety  
Surgical safety, preoperative risk management and Checklist / Medication safety / Safe nursing  
Clinical communication for safe healthcare / Patient participation in clinical safety  
Risky behavior and safety psychology / Transparency and visualization of clinical risk in healthcare  
IT and medical informatics in clinical safety / Big data analysis for safety science  
Education and coaching for clinical safety / Safety in emergency and disaster medicine  
Infectious disease control / Food safety Environmental health and safety / Others

**You can present your topic by oral or poster presentation.**

**Your oral topic will be embedded into the suitable symposium, workshop or panel discussion.**

#### **(Important date)**

Abstract Submission:

(A person who needs US visa)

1 February 2016 ~ 30 April 2016.

(A person who doesn't need US visa)

1 February 2016 ~ ~~31 May 2016~~

**20 June 2016**

Congress registration:

(a presenter who needs US visa)

1 April 2016 ~ 31 May 2016

(A presenter who doesn't need US visa)

1 April 2016 ~ 30 June 2016.

(Audience) 1 April 2016 ~ 1 September 2016
