"Healthcare (ISSN 2227-9032) is an international, peer-reviewed, quick-refereeing open access journal of an advanced forum for studies on health care systems, industry, technology, policy, and regulation. We aim to reach a high level of reputation in this field and publish high quality papers. The aims and scopes are given at <http://www.mdpi.com/journal/healthcare/about/>."

In order to practise registered nursing in Manitoba, individuals need to be registered with the College of Registered Nurses of Manitoba (the College). The College currently registers over 13,000 RNs who work throughout the province in the direct provision of health care in hospital, long term care and community settings.
