

# IARMM 5th World Congress of Clinical Safety

21st – 23rd Sep 2016, Joseph B. Martin Conference Center, Harvard University Medical School, Boston, MA, US

--- Smart Hospitals and Healthcare:  
Health Care Management & Leadership, Risk, Quality, and Productivity ---

## Program (tentative)

3 or 4 meeting rooms, 2 poster presentation spaces.

### (Topics for your oral and poster presentation)

International perspectives for clinical safety / Quality analysis of safety / Quantity analysis of safety /  
Health care management & Leadership / Decision making in safety /  
Patient and family centred care / Leading effective change /  
Improving population and community health / Pursuing quality and safety in mental health care /  
Simulation and human factor for clinical safety / Technology and innovation /  
IT & safety in clinical information / Safe and reliable care /  
The impact of education, training, coaching and simulation on patient safety /  
Structure and system management - Risk governance and crisis governance in healthcare /  
Hospital accreditation and regulation - the challenges and lessons on overcoming them /  
Improvement and Implementation Science for Quality/ Quantity and Safety /  
Care Across the Continuum, Handovers and transitions of care /  
Quality Care in Developing Countries and for Vulnerable Populations /  
Improving Healthcare - Lessons from other industries /  
Writing for publication - how to publish quality improvement reports and research /  
Risk and safety in medical device and alarms / Safe culture in group medicine /  
Medication safety / Safe nursing / Voice of patient, Patient participation in clinical safety /  
Surgical safety, preoperative risk management and Checklist / Clinical safe communication /  
Behaviour psychology for risk and safety / Visualization of clinical risk /  
Big data analysis for safety / Infectious disease control / Food safety /  
Environmental health effect and safety / Others

Your oral presentation will be allocated into some panel discussion, symposium or workshop.

## (Symposium)

(Symposium A) **“Global networking for healthcare safety”**

(Symposium B) **“Principle and method of healthcare safety based on quality and quantity aspects”**

## (Panel discussion)

- (Panel discussion) Safety culture in healthcare
- (Panel discussion) Risk/Crisis management/governance
- (Panel discussion) Clinical communication for risk/crisis management
- (Panel discussion) Clinical education training for healthcare safety
- (Panel discussion) IT and medical informatics for healthcare safety
- (Panel discussion) Survey and analysis of clinical error
- (Panel discussion) Simulation and human factor for healthcare safety
- (Panel discussion) Medication safety
- (Panel discussion) Medical device safety
- (Panel discussion) Clinical risk management before/after surgical operation
- (Panel discussion) Emergency healthcare system
- (Panel discussion) Technology and innovation for healthcare safety
- (Panel discussion) Drug safety
- (Panel discussion) Food safety
- (Panel discussion) Behaviour analysis for risk and safety
- (Panel discussion) The others

# [Oral Presentation]

## (Special guests)

### Current activities about American Society for Healthcare Risk Management and Patient Safety

Ann Gaffey (President, American Society for Healthcare Risk Management, Chicago, IL, USA.  
Vice-Chair of the National Coordinating Council for Medication Error Reporting and Prevention, USA)

### Surgical Safety Checklist in Quebec Operating Room : from Error Detection to Team Communication

Prof. Nathalie DE MARCELLIS-WARIN (Harvard Center For Risk Analysis, Polytechnique Montréal, RISQ+H and  
President of CIRANO, Canada)

### Computerized system for communication critical values in a hospital setting

Dr. Milenko Tanasijevic (Vice Chair for Clinical Pathology and Quality, Department of Pathology  
Director of Clinical Laboratories, Brigham and Women's Hospital and Dana Farber Cancer Institute  
Associate Professor of Pathology, Harvard Medical School, Boston, USA)

### Role of consumers in transforming systems and providers

Helen Haskell (President, Mother Against Medical Error, Institute for Health Improvement Board member, South Carolina,  
USA)

### Nursing Safety

Sandy Summers, RN, MSN, MPH (Founder and Executive Director, The Truth About Nursing, Baltimore, MA, USA)

### Medication Errors in the Operating Room

Ron Litman, D.O. (Medical Director, Institute for Safe Medication Practices, Professor of Anesthesiology and Pediatrics  
Perelman School of Medicine at the University of Pennsylvania. Department of Anesthesiology and Critical Care, The  
Children's Hospital of Philadelphia, USA)

Dr. John Ovreteit (Professor of Improvement Implementation and Evaluation, Director of Research, LIME/MMC,  
Karolinska Institutet Medical University, Sweden)

Dr William T. ("Pepper") Denman, M.D. (Associate Professor, Massachusetts General Hospital,  
Harvard Medical School and past CMO of GE Healthcare, Boston, MS, USA)

Alan Kachalia MD (Brigham and Women's Hospital, Harvard University. Boston, USA)

### Ensuring accurate specimen identification and collection by integrating collection applications within the EHR

Athena Petrides (Assistant Medical Director of Chemistry, Director of Toxicology, Director of Lab Control,  
Department of Pathology, Division of Clinical Chemistry, Brigham and Women's Hospital, Instructor of Pathology,  
Harvard Medical School, Boston, USA)

### Challenges and solutions in improving patient readmissions

Dr Patrick Lee (Medical Director and Chief Performance Improvement Officer, Assistant Professor, Harvard Medical  
School, Lynn Community Health Center, Lynn, MA, USA)

Coproduction of healthcare services

Maren Batalden, MD (Department of Medicine, Cambridge Health Alliance, Cambridge, Massachusetts, USA )

Elizabeth A. Duthie, RN, Ph.D

(Director, Patient Safety & Loss Prevention, MCIC Vermont, New York, New York, USA)

Healthcare Systems Engineering--the new frontier of healthcare improvement

James C. Benneyan, PhD, Director (Healthcare Systems Engineering Institute, Colleges of Engineering and Health Sciences Northeastern University, Boston. MA, USA)

And others

(Special Panel discussion) **[“Frontier of International and US Medication Safety”](#)** 90min

Organizer: Allen J Vaida (Dr. Executive Vice President, the Institute for Safe Medication Practice, PA, US)

- An Overview of Activities of the International Medication Safety Network - 20 minutes

Allen J. Vaida PharmD, Executive Vice President, Institute for Safe Medication Practices

- Results from the US Centers for Medicare and Medicaid (CMS) Project on Preventing Adverse Drug Events – 30 minutes

Steve Meisel, PharmD, CPPS, Director of Patient Safety, Fairview Health Services, Minneapolis, Minnesota

- Safety with Oral Chemotherapy Agents – 30 minutes

James M. Hoffman, PharmD, MS, Chief Patient Safety Officer, St. Jude Children's Research Hospital, Memphis, TN

- Panel Q&A – 10 minutes

(Special Panel discussion) **[“Today’s Technology Tools for Preventing Medication Errors”](#)** 90min

Organizer: Allen J Vaida (Dr. Executive Vice President, the Institute for Safe Medication Practice, PA, US)

- Research Results on Indication Based CPOE Alerts to Prevent Look Alike and Sound Alike Drug Name Mix-ups – 25 minutes

Gordon Schiff MD, Associate Director, Center for Patient Safety Research and Practice, Division of General Internal Medicine, Brigham and Women's Hospital, Associate Professor of Medicine Harvard Medical School, Boston, MA

- Results from an Opioid Dosing Simulation Tool – 25 minutes

William Galanter, MD, MS, PhD, Associate Chief Health Information Officer and Medical Director, UIC Physicians Group, Medical Director, Center for Education & Research on Therapeutics, University of Illinois Hospital and Health Sciences System, Chicago, IL

- A Tool to Identify Wrong Medication Errors and Patient Identification Errors -25 minutes

Jason Adelman MD, MS, Chief Patient Safety Officer & Associate Chief Quality Officer  
New York-Presbyterian Hospital/Columbia University Medical Center, New York, New York

- Panel Q&A – 15 minutes

(Special Panel discussion) “[Impact of the Physical Environment on Patient and Provider Safety](#)”

Kurt Rockstroh FAIA, FACHA (President/CEO, Steffian Bradley Architects, Boston, MA)

(Panel Discussion) “[Quality improvement in care](#)”

User-centered interventions and risk management in psychiatric services

Prof. Maritta Valimaki (University of Turku and Turku University Hospital, Finland, Hong Kong Polytechnic University, China)

Lean Daily Management: A Tool to Drive High Reliability

President & CEO, John B. Chessare MD, MPH (GBMC HealthCare System, Baltimore, USA)

Development the Patients Safety and Quality Management Feedback Support System for the purpose of reduction in task load of Patients Safety Managers

Prof. Tatsuya Kitano (Seijoh University, Health Care Management Course, Department of Patients Safety & Quality Management, Japan)

Process Re engineering

Ambreen Noorani; et al. (The Aga Khan Hospital for Women, Karachi, Pakistan)

Automating Critical Care KPIs through the use of Health IT at a Tertiary Healthcare Organization in Saudi Arabia:  
Toward an Efficient and Effective Measurement

Quality and Safety in Obstetrics in Canada: A Collaborative Approach

Jonathan Mitchell ( Manager Policy & Research, Accreditation Canada, Healthcare Insurance Reciprocal of Canada (HIROC), Toronto, Canada)

Effective Handover: The Duty of Every Doctor

Miss Kathryn O'Shea, et al. (Central Manchester Foundation Trust University Hospitals, Manchester, UK)

Handover between anaesthetists and post anaesthetic care unit nursing staff using ISBAR principles: a quality improvement study

P. Kitney, et al/ (Western Health, Footscray Hospital, Footscray VIC, Australia)

Bad Medicine: Toxic Leadership in Healthcare Organizations can kill more than morale

LTC John J. Casey III, CEM, FACCP, SEM (Regional Health Command Europe, United States Army, AE, USA)

Impact of medical waste management training intervention

Ramesh Kumar, et al (Chulalongkorn University Thailand, Bangkok, Thailand)

Economic impact of beds debarred by patients isolated

Angel Ricardo Arenas Villamiz (University Hospital Rafael Uribe of Colombia Cali, Colombia)

Patient Empowerment and Medication Adherence

Siriwan Lim1, et al. (Alice Lee Centre for Nursing Studies, Yong Loo Lin School of Medicine, National University of Singapore (NUS), Singapore, 5 National University Hospital (NUH), Singapore)

Needle Stick Injury and Compliance among Doctors and Nurses

Mamoon Matlab, et al (King Hamad University Hospital, Busaiteen, Kingdom of Bahrain)

Time Motion Study of Endoscopy unit in Tertiary Hospital

Dr Huma Naz et al. (Aga Khan University Hospital, Karachi, Pakistan)

Continuous Quality Improvement Through Application Of Integrated Computing Indicator Management System

SEULAH LEE, et al. (QA Team, Seoul National University Hospital, South Korea)

NO SHOW IN OUTPATIENT CLINICS-CAN SIX SIGMA HELP!

Dr Huma Naz, et al (Aga Khan University Hospital, Karachi, Pakistan)

Using the Balanced Scorecard to improve safety management in healthcare facilities

Yasuhiko SUEMORI M.D, MBA, (graduate school of Economics, Kyushu University, Japan), et al.

Etc..

(Panel Discussion) **“Clinical safety”**

Leveraging Mobile Technology to Improve CAUTI Best Practices

CNO and VP. Kate ONeill, DNP, RN (Quality Patient safety, Regional Health Command Europe, United States Army, USA)

Challenges of leadership: P-O fit and commitment

Esther Bahat (University of Haifa, Israel)

Optimal functioning of medical doctors in Dutch hospitals

NURSES' DECISION MAKING IN PROTOCOL BASED CARE: A CASE STUDY

Mónica Vázquez-Calatayud, et al. (School of Nursing, University of Navarra. Pamplona (Navarra). Spain)

Pan-Canadian Patient Safety Collaborative: Patient Deterioration

Dr. James Ruiter (Vice President Medical Director, Salus Global Inc., Healthcare Insurance Reciprocal of Canada (HIROC), Toronto, Canada)

Learning From Failures: Findings from the knowledge transfer of medico-legal data into a self-assessment program

Dr. Charmaine Roye (Director Safe Medical Care, Canadian Medical Protective Association, Healthcare Insurance Reciprocal of Canada (HIROC), Toronto, Canada)

Lessons from the Field: A Collaborative Approach to a National IRM/ERM Program

Polly Stevens, et al (Healthcare Insurance Reciprocal of Canada (HIROC), Toronto, Canada)

Lean Daily Management: A Tool to Drive High Reliability

John B. Chessare MD, et al (GBMC HealthCare System, Baltimore, MD, USA)

The Scandal of Winterbourne View Hospital

Debra Moore, et al. (Debra Moore Associates, England, UK)

Increasing Targeted Harm Event Reporting Fourfold

Jessylen M. Age, DNP, RN, et al. (The University of Mississippi Medical Center, Risk Management Department 2500 North State Street , Jackson, MS, USA)

The use of Ultrasound for clinical safety in the administering of regional anesthesia

Takako Maki M.D, Ph.D. (Department of Anesthesia, Fukuoka Rehabilitation Hospital, Graduate school of Economics, Kyushu University, Department of Anesthesia, Fukuoka Rehabilitation Hospital, Fukuoka, Japan)

Establishment of the management system for intra-hospital transport

Jinkyoun Shin, et al (QA team, Seoul National University Hospital, South Korea)

Antenatal education

Ambreen Noorani et al. (The Aga Khan Hospital for Women, Karachi, Pakistan)

Control device for management of perfusion safety: Importance of stability of venous reservoir volume

Asako Tokumine, et al (Medical Simulation Laboratory, Department of Biomedical Engineering, Kindai University, Japan)

Establishing education system for Patient Safety and Healthcare Quality

Eunjoon Lee, et al (Seoul National University Hospital, South Korea)

Medical risk management in international support by multinational teams

Kimiko Hayano (Division of Nursing, School of Medicine National Defense Medical College, Japan)

Etc.

(Panel Discussion) “Nursing safety”

Using Competency Documents in the Intensive Care Unit, for Novice Critical Care Nurses

Kevin Murphy (Barts Heart Centre, St Bartholomew’s Hospital, London, UK)

A Concept Analysis of “organization” in Nursing Activities of the Japan Self-Defense Forces

Kimiko Hayano, et al (Division of Nursing, National Defense Medical College, Japan)

Etc.

(Panel Discussion) “Medication safety”

Medication Errors in the Operating Room

Prof. Ronald S. Litman (Perelman School of Medicine at the University of Pennsylvania, USA)

Patient misidentification in drug administration.

Takahashi M, et al (Department of crisis medicine, Toyama University, Toyama, Japan)

Etc.

(Panel Discussion) “Risk & hazard analysis in healthcare”

How to investigate the risk of pharma corporate lobbying

Prof. Filippo Bartoccioni (San Camillo Hospital, Operative Unit Clinical Governance and Education, Rome, Italy)

The Art of medical risk management by mHAZOP

Prof. Katsumi Fujitani (Bunkyo Gakuin University, Faculty of Health Science Technology, Japan)

Jonathan Hartmann (Georgetown University, DC, USA)

Was the death expected appropriately? : a review of the death among the inpatients of our department of Gynecology

Maya Takamoto et al. (Department of Obstetrics & Gynecology, Division of Medical Safety and Risk Management, National Center for Global Health and Medicine, Tokyo, Japan)

Nurses Perceived Barriers of Using Code Narrator

Fatima Arastu, et al/ (Holy Names University, Oakland, California USA)

RCT of chewing gum on gastrointestinal recovery

Yu-Rung Wang (An-Nan Hospital, China Medical University, Tainan, Taiwan. Tainan City, Taiwan)

An Effectiveness of Hospital Medical Device Safety

(Hye Jung Jang, et al (Yonsei University Health System Severance Hospital, South Korea)

Continuous Indicator Management Activities after Accreditation Acquisition - Use of the hospital budget  
Sunyoung Park (Seoul National University Hospital, South Korea), et al.

Analysis of Cases in Which Using ImSAFER in Japan Stopped an Error from Becoming Greater  
Rei Ushiro, et al (School of Nursing, Aichi Prefectural University, Aichi, Japan)

Development of a non-technical skills training for nurses  
Prof. Saeko Kinugawa (Department of Nursing School of Nursing and Rehabilitation Sciences at Odawara, International University of Health and Welfare, Japan)

Measures to Prevent Medication Errors with Leadership by the Hospital Director  
Noriko KATAOKA (Ebetsu Tanifuji Hospital, Japan), et al

National incidents, claims, expenditure in Irish Surgery: 2010-2014  
Fiona Culkin, et al. (State Claims Agency, National Treasury Management Agency, Dublin, Ireland)

Etc.

(Poster Session) **“Drug safety”**

Efficacy and Safety of Generic Escitalopram in Depression  
Prof. Jong-Hyun Jeong (Department of Psychiatry, St. Vincent's Hospital, College of Medicine, The Catholic University of Korea)

Platelet count changes associated with antidepressants  
Prof. Young Sup Woo (Department of Psychiatry, Yeouido St. Mary's Hospital, College of Medicine, The Catholic University of Korea)

Education for residents using flow maps visually illustrating the process of medication administration  
Mieko Niimi. Et al. (Dokkyo Medical University Hospital, Tochigi, Japan)

Etc.

(Poster Session) **“Nursing safety”**

Nurses Experience Caring for Patients: Acuity Adaptable Units  
Cynthia M Stacy MSN,RN, et al. (Holy Names University, Oakland, California, USA)

The Relation Between with Visiting Nursing Incidents/Accidents and Job Stress  
Prof. Hisae Nakatani (Hiroshima University, Hiroshima, Japan)

Investigation of near-miss experiences of nursing students  
Prof. Yukiko Kai (School of Nursing, Faculty of Medicine, University of Miyazaki, Japan)

Medical safety awareness survey of hospital nurses in Japan

Takahiro Miyoshi, et al (Kurume University, Fukuoka, Japan)

Management of Accurate Patient Identification for Transport Safety

Young Mee Kim, et al (Seoul National University Hospital, South Korea)

Etc.

(Poster Session) [“Health risk analysis”](#)

Global Functioning for the Mentally Disordered in Community

Prof. Sang-Yeol Lee (Department of Psychiatry, Wonkwang University School of Medicine, Iksan, Republic of Korea)

Mood, cognition and BDNF in CKD patients

Prof. Lee Jung Goo (Inje University Haeundae Paik Hospital and Paik Institute for Clinical Research, South Korea)

Serotonin Receptor Genes and Drug Intoxication in Korea

Prof. Young-Joon Kwon (Departments of Psychiatry, College of Medicine, Soonchunhyang University, Cheonan, Korea)

The consequences of medical errors on healthcare providers: the concept of second victim

Victoria Kone, MD MPH<sup>1</sup>, et al. (Clément Duret, MD MPH<sup>1</sup>, Gwenaëlle Vidal-Trécan, MD, PhD<sup>1, 2, 3</sup>

<sup>1</sup>Public health ward: Risk Management and Quality of Care, Paris Centre University Hospital Group, AP-HP, France  
, Paris, France)
