

IARMM 6WCCS

September 6-8, 2017 | Rome, Italy

6th World Congress of Clinical Safety

International Association of Risk Management in Medicine (IARMM) | www.iarmm.org/6WCCS/

ABOUT 6WCCS (Wednesday/Thursday/Friday)

The 6wccs (6th World Congress of Clinical Safety) in Joseph B. Martin Conference Center, Harvard Medical School is designed by IARMM to be a high-advanced event that attracts an international audience of health researchers, practitioners, pharmacist, nurses, medical engineers, educators, students, policy makers, health industry workers and others. At previous congresses (2012 in London, 2013 in Heidelberg, 2014 in Madrid, 2015 in Vienna, and 2016 in Boston, USA), the attendees consist of 30- 50 nations from Austria, UK, USA, France, Germany, Japan, Australia, New Zealand, Canada, Spain, Italy, Ireland, Belgium, Norway, Romania, Turkey, Bulgaria, Mexico, Brazil, Chili, Colombia, Russia, China, Korea, Taiwan, Hong Kong, Thailand, Singapore, Saudi Arabia, India, Iran, Philippines, Ethiopia, Egypt, etc.

We expect ~600 attendees onsite during 3 congress days at 6wccs. Most of them are different people by day, as we accept the registration with single day, double days and triple days.

6th World Congress of Clinical Safety (6wccs)

(Theme) Safe Environment and Progressive Skills Toward Smart Healthcare -- Based on Quality and Quantity Aspects

6 (Wed) - 8 (Fri) September 2017

Ambasciatori Palace Hotel, Rome, Italy

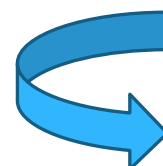

hosted by

International Association of Risk Management in
Medicine

6wccs congress program will contain multiple plenary lectures that will address a wide range of safety topics, such as clinical safety (patient safety, medication safety, medical device safety), infectious disease outbreak, disaster healthcare, clinical crisis governance, environmental health & safety, food safety, and other related safety subjects. The program will also include symposiums, workshops, panel discussions and presentations of original research, in safe and clean science and technology, including clinical research; basic science; human ergonomics; clinical informatics; IT technology; clinical education; which will be presented by members of the national and international research groups in the form of oral and poster presentations.

The program is designed to including breaks, lunch and receptions in the exhibit area. Ample time will be offered for networking with exhibitors.
