Greetings

The Bern Congress is organized by IARMM to develop highly-advanced safe and clean science and technology. The congress covers a wide range of safety topics, such as clinical safety (patient safety, medication safety, medical device safety), infectious disease outbreak, disaster healthcare, clinical crisis governance, environmental health & safety, food safety, and other related safety subjects.

After the previous Congresses, 2012 in London, 2013 in Heidelberg, 2014 in Madrid, 2015 in Vienna, 2016 in Boston, and 2016 in Rome, it is a time for 7th Congress 2018 in Bern, Switzerland.

We are sure that the Congress will assist the world wide exchange of knowledge and skills in this specialist area. Let's all join together at the Bern Congress to meet and share information with your colleagues in a heart of beautiful Switzerland.

Sincerely,

IARMM
